

## Covid-19 Travel Update

Workaway International is preparing for the national lockdown in South Africa and we assure you that we are working around the clock in an effort to find a solution to the evolving issue of flying our participants back to South Africa.

We understand that parents and participants are concerned at this challenging time.

We appeal for patience and understanding as we work on a solution which includes needing to communicate with our own service providers including airlines, who are also experiencing similar high volumes of requests.

We will be in touch once we have found a solution.
